

**Physical facilities:**

- The garden has a variety of trees, shrubs, flowering plants and plants of medicinal value which is taken care of by a team of gardeners.
- Regular maintenance of all buildings is carried out by support staff periodically to ensure cleanliness and hygienic environment.
- Both indoor and outdoor game facilities are utilized to a greater extent by our students to participate in various sports and games.

**Academic Facilities:**

Teaching-learning process is carried out effectively with well spacious, aerated and well furnished class rooms fitted with electrical ceiling fans. The institution has carpenters to enhance the furniture facility and also to set right the damaged furniture in the classrooms. Blackboards are painted time to time, if necessary. Public Address System and intercom facilities are made available.

**Laboratories:**

All laboratory equipments and computers for the institution are purchased and maintained by Aditanar Educational Institution (AEI) through various scientific companies. All the computers and UPS are maintained through AMC. Besides, AEI appoint electricians and plumbers to take care of repairs and renovations.

**Library:**

The library is automated. Periodic stock verification and fumigation is done to ensure safety of library books. The library has an exclusive fire extinguisher.

**Support facilities:**

- Reverse osmosis plant, a generator of 160KW capacity, CCTV cameras and canteen facilities are available.
- Creche is maintained to look after the babies and children of our staff members.
- The institution maintains separate hostels for the UG and PG girl students. A sick room is in the hostel to take care of the students who fall sick.

- Residential facility is made available with constant water supply for staff members at concessional rate.
- The institution plies nearly nine buses to pick up the students and the staff members from the areas where frequent transport facilities are not available.
- Two printing cum copier machine, one duplicator machine and one printer with scanner machine is available.

The service and maintenance of above all facilities are done by experts appointed by AEI.
